85
A NEW DIMENSION AT SEA
“Designed to Expand the
Way You Live at Sea.”

85 A Floating Oasis

At the heart of the 85 lies a vast aft deck – not just expanded, but redefined. Centered around a striking pool and surrounded by layered lounge areas, this space is conceived as an open-air living platform rather than a traditional deck. Generous proportions, seamless circulation, and direct contact with the sea create a setting that evolves throughout the day – from calm mornings to vibrant social evenings. Here, space is not only larger – it is more intentional.

Power, Reconsidered

Avalon 85 combines refined efficiency with genuine performance potential. Her catamaran hull form is optimized to reduce resistance at economical cruising speeds while retaining the hydrodynamic capability for significantly higher speeds.Efficient propulsion, integrated solar power, lithium battery capacity and intelligent energy management work together to reduce onboard energy demand without compromising comfort or capability. With the optional high-performance propulsion package, that efficiency is matched by serious speed potential.

Space for Adventure

“The standard aft deck is designed with versatility in mind, offering a clean and highly functional open-air space for both leisure and operation.

With a more explorer-style layout, the area provides generous room for storing a wider tender, jet skis and water toys, while still preserving a comfortable guest environment.

Open, practical and adaptable, it supports an active lifestyle at sea without compromising the yacht’s architectural clarity.”

Optional Beach Club Configuration

“An expansive aft deck becomes a multi-layered living space – where water, light and architecture merge into one continuous experience.”

The Ocean, Redefined

The aft platform extends beyond the conventional beach club concept, offering over 130 m^2 of uninterrupted exterior space.Folding bulwarks dissolve the boundary between yacht and sea, transforming the stern into an expansive waterfront terrace.The result is not simply access to the ocean – but a direct integration with it.

A Central Element

Optional Pool Configuration

Available as an option, the heated saltwater pool is positioned at the core of the aft deck, acting as both a visual anchor and a social focal point.

More than a feature, it defines the spatial hierarchy of the exterior – organizing movement, interaction, and relaxation around it.

Designed for all-day use, it transitions seamlessly from a refreshing daytime retreat to a softly illuminated evening atmosphere.

Beyond its expansive social areas, the 85 offers a series of more intimate spaces.

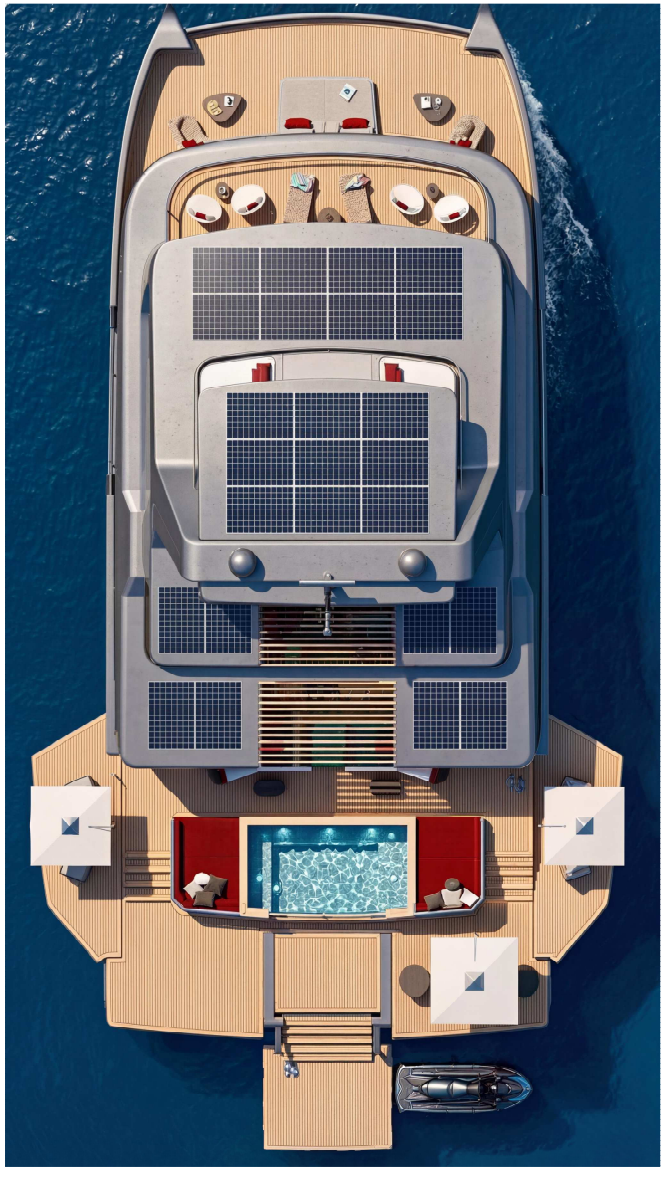

From shaded upper deck lounges to quiet forward seating areas, each zone is designed to provide a different relationship with the sea – from openness to privacy.

A balance between connection and retreat defines the onboard experience.

A New Experience on Every Deck

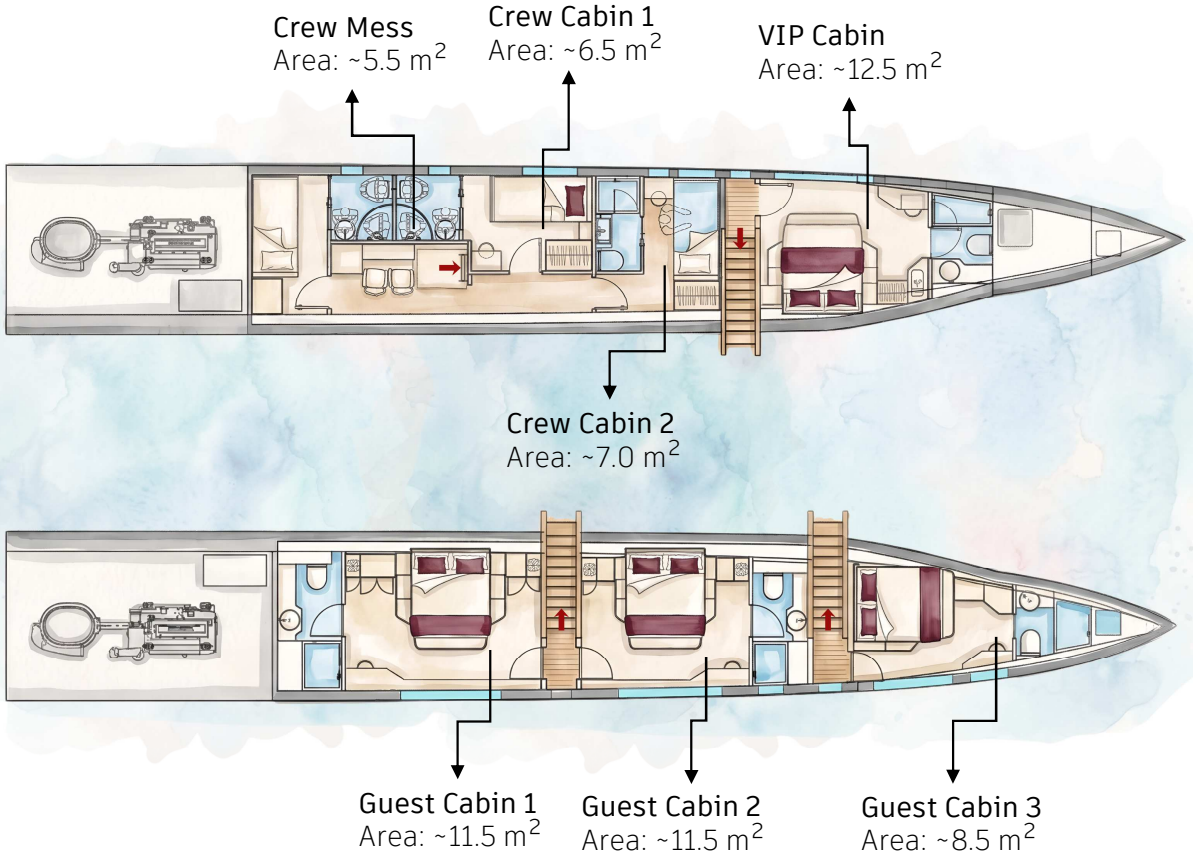

This catamaran transforms each deck into a unique lifestyle space.

- Lower Deck: Guest cabins provide serene retreats where privacy meets comfort.
- Main Deck: The social heart of the yacht, with a spacious saloon and seamless indoor–outdoor living.
- Upper Deck: Crowned by the Owner cabin, complete with private balcony and panoramic views.

Each level blends privacy, sociability, and luxury, ensuring unforgettable moments at sea.

LOWER DECK

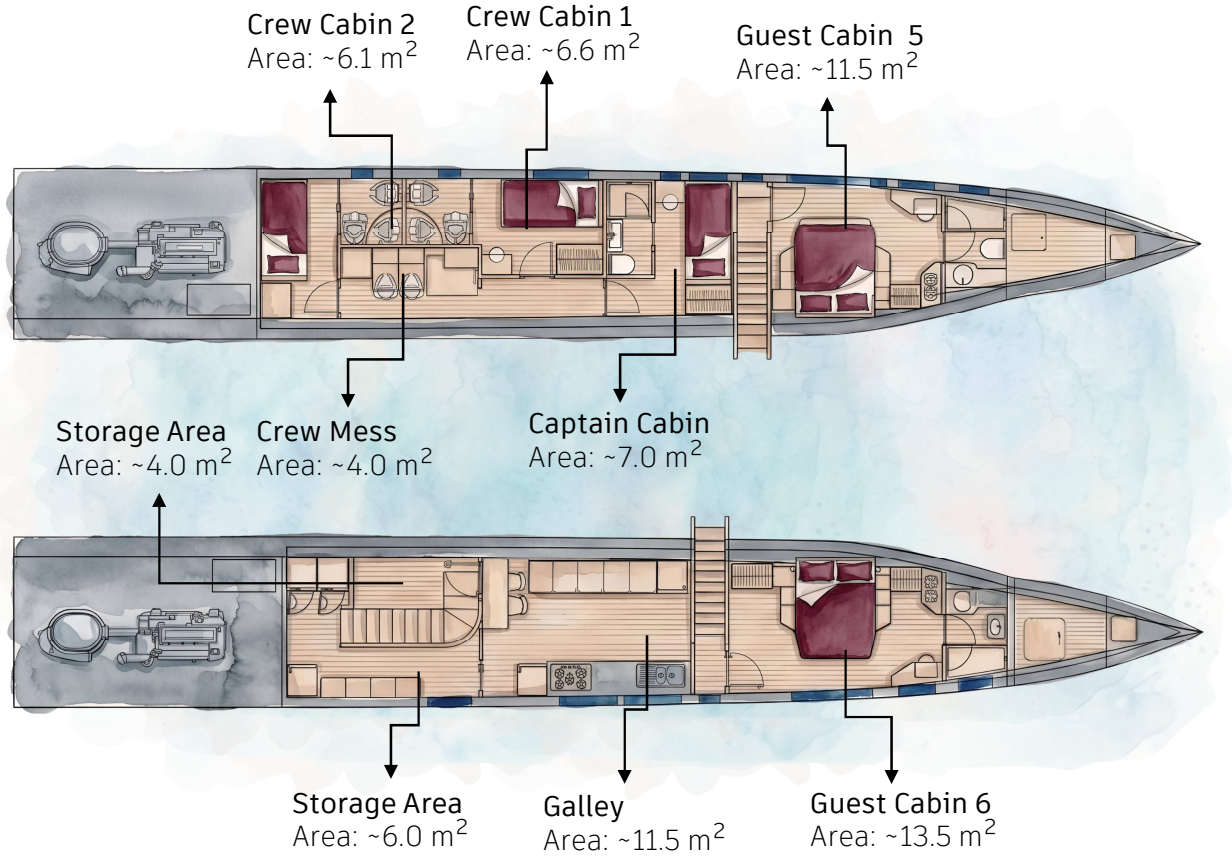

With 60 m^2 of interior space, the Lower Deck is dedicated to comfort and privacy. A generous 45 m^2 guest area hosts a VIP cabin and three guest cabins, offering a refined retreat at sea, while dedicated crew quarters ensure seamless service throughout the journey.

OWNER OPERATED & SUPERYACHT VERSION

LOWER DECK

Designed for commercial operation, the Lower Deck combines efficient crew circulation with generous guest accommodation.Dedicated quarters for the Captain and crew, together with a separate crew mess and practical storage areas, support smooth day-to-day operation.Three spacious guest cabins complete the layout, balancing operational efficiency with comfort and privacy.

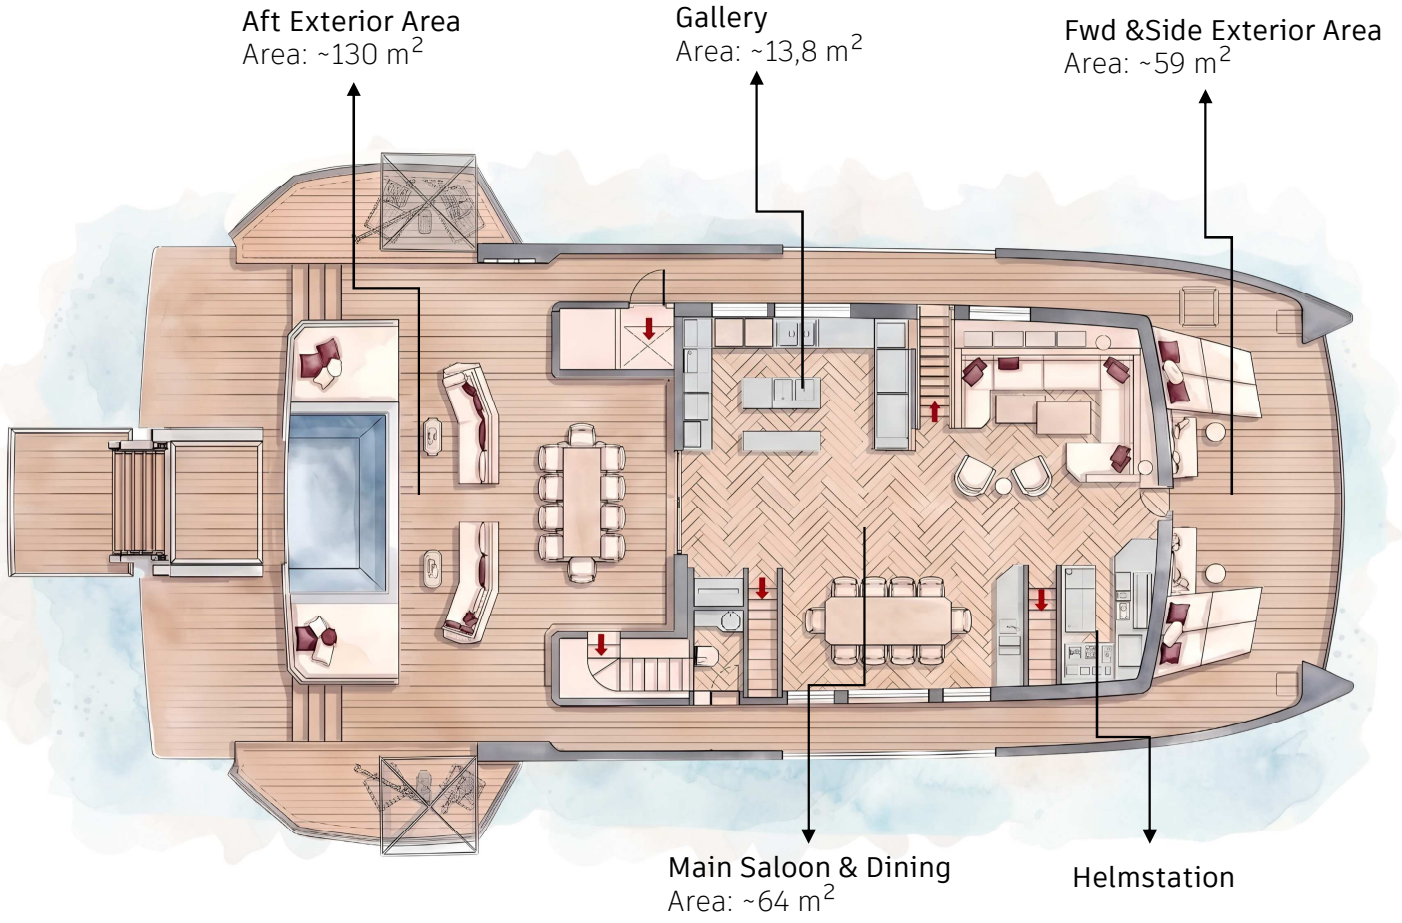

COMMERCIAL USE VERSION

MAIN DECK

The Main Deck of the 85 ft catamaran offers a seamless blend of indoor and outdoor living. At the aft, an expansive **~130 m² exterior area** creates a generous social setting, while the **~64 m² main saloon & dining area** brings guests together in a bright and open environment.

A **~13.8 m² galley** provides practical service and direct connection to the living spaces, while the **~59 m² forward & side exterior area** offers additional space for relaxation with panoramic views. A dedicated helm station completes this owner-operated layout.

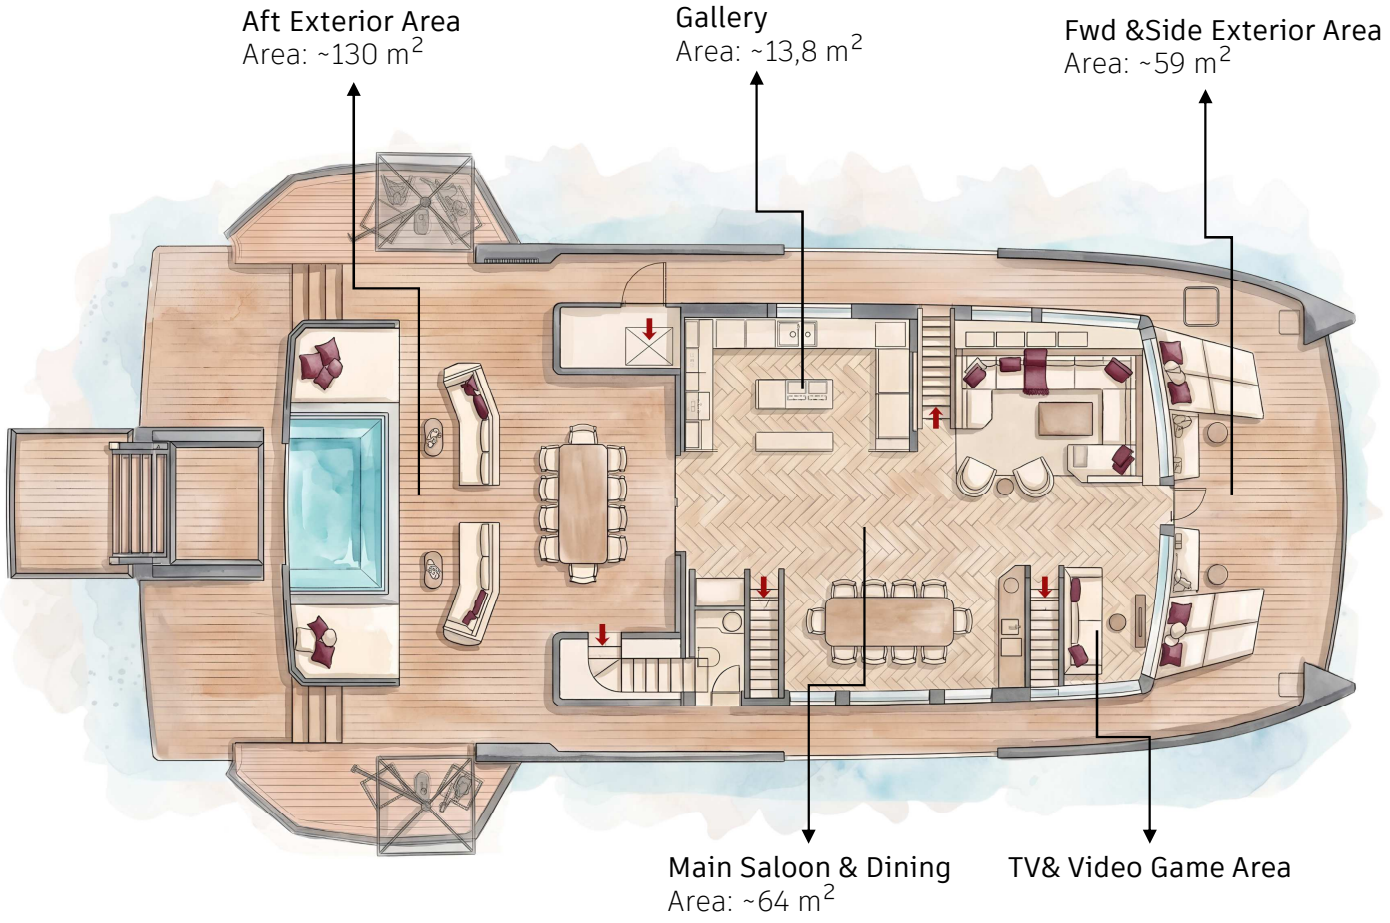

OWNER OPERATED VERSION

MAIN DECK

The Main Deck of the Superyacht Version is designed around generous social spaces and an enhanced guest experience. At the aft, the **~130 m² exterior area** provides an expansive setting for outdoor living, while the **~64 m² main saloon & dining area** forms the social heart of the yacht.

A spacious **~13.8 m² galley** supports professional onboard service, while a dedicated TV & video game area adds another dimension to guest entertainment. The **~59 m² forward & side exterior area** extends the living space outdoors with open views and multiple relaxation zones.

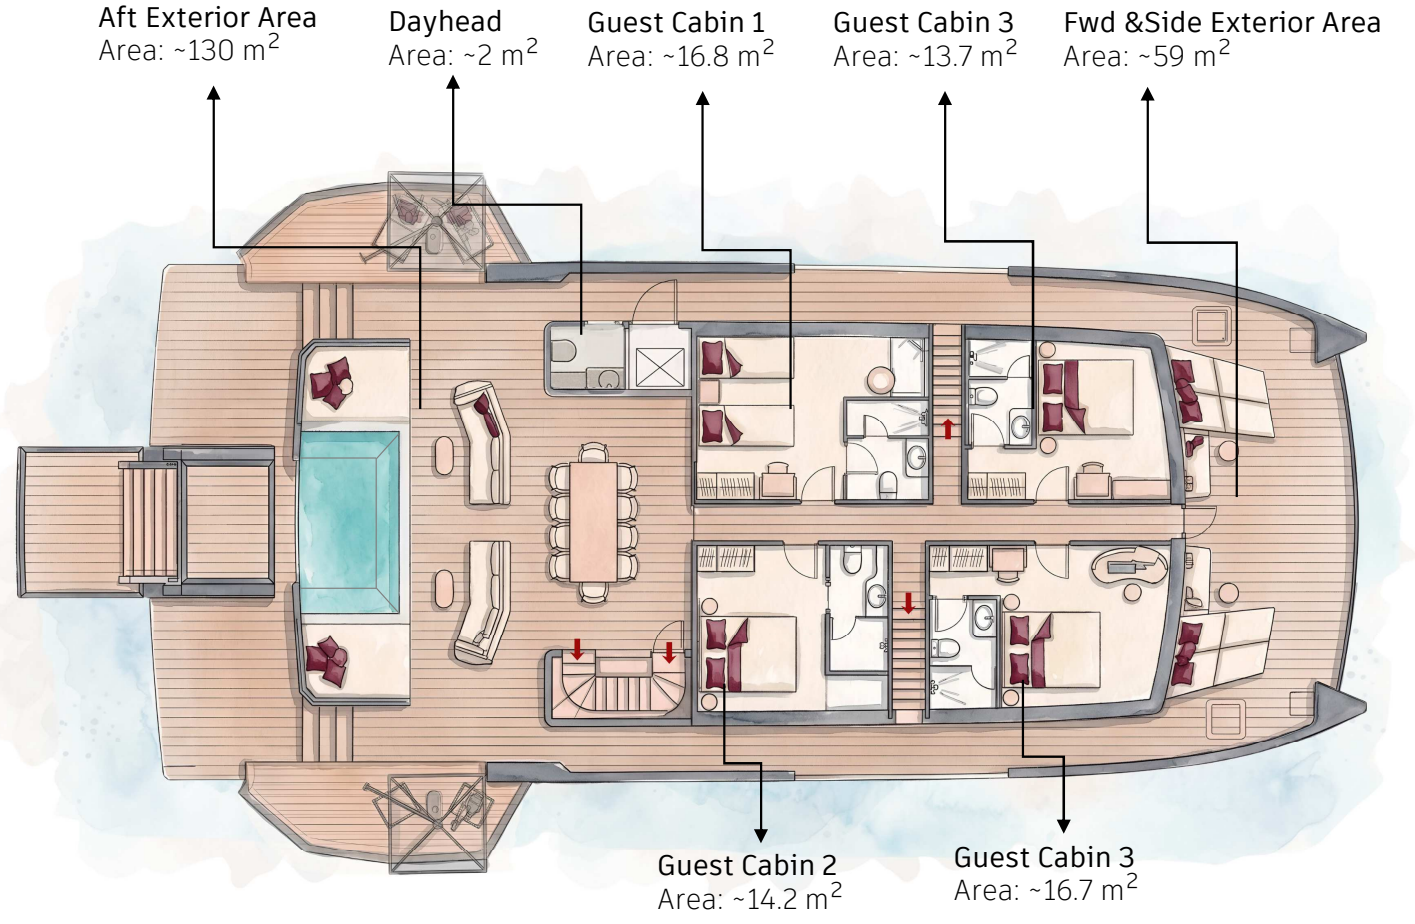

SUPERYACHT VERSION

MAIN DECK

The Main Deck of the Commercial Use Version is configured to maximize guest accommodation while retaining the yacht's expansive exterior living areas. Four generously sized guest cabins of approximately **16.8 m²**, **14.2 m²**, **13.7 m²** and **16.7 m²** provide comfortable and private accommodation.

A separate **~2 m² dayhead** supports the guest areas, while the **~130 m² aft exterior area** remains a major social space. A further **~59 m² of forward & side exterior area** provides generous open-air living and relaxation space.

OWNER DECK

The Main Deck of the Commercial Use Version is configured to maximize guest accommodation while retaining the yacht's expansive exterior living areas. Four generously sized guest cabins of approximately **16.8 m^2, 14.2 m^2, 13.7 m^2 and 16.7 m^2** provide comfortable and private accommodation.

A separate **~2 m^2 dayhead** supports the guest areas, while the **~130 m^2 aft exterior area** remains a major social space. A further **~59 m^2 of forward & side exterior area** provides generous open-air living and relaxation space.

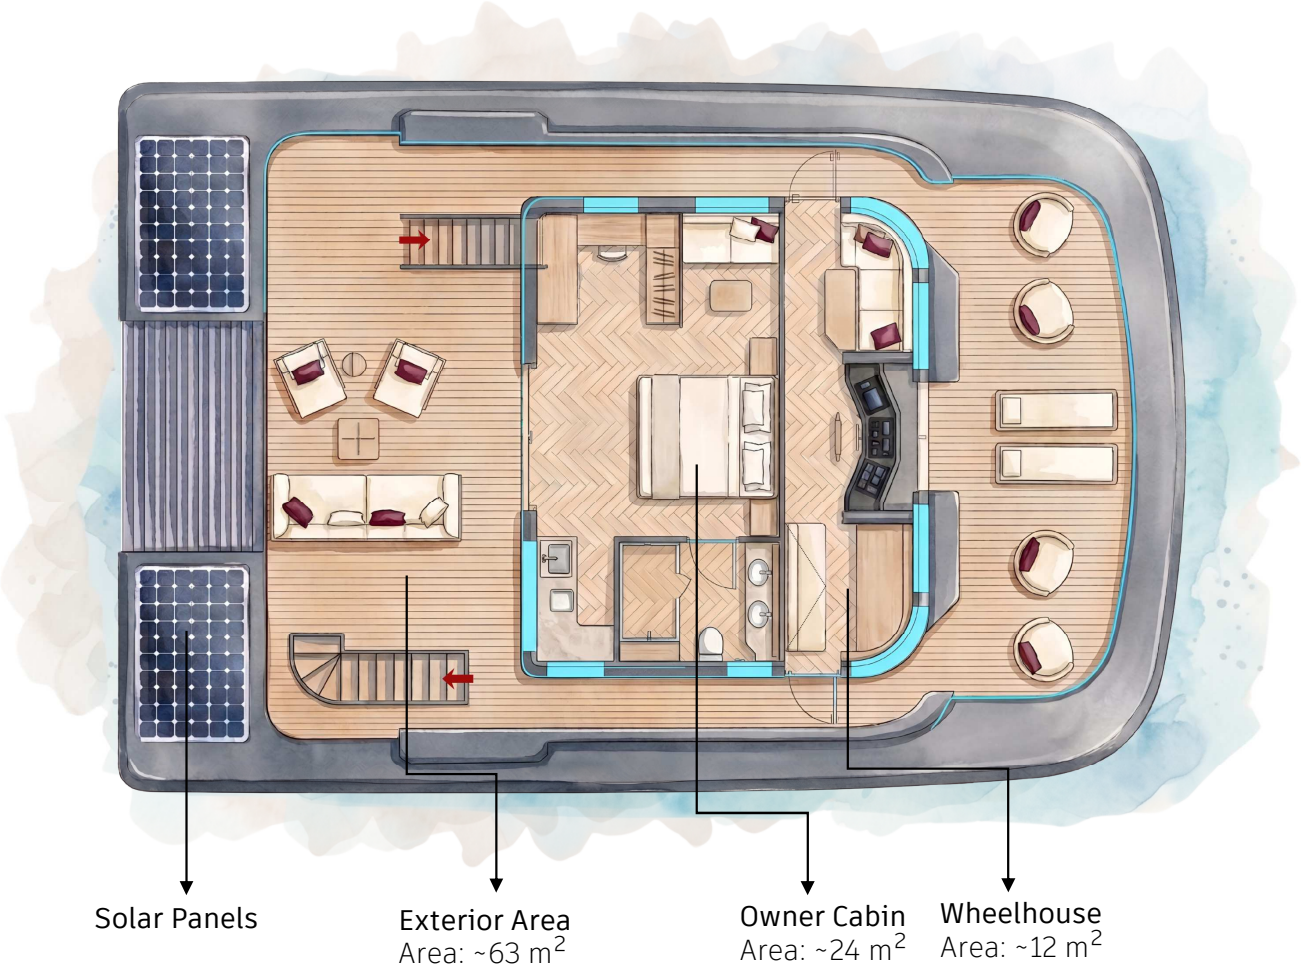

OWNER OPERATED VERSION

OWNER DECK

The Owner Deck is designed to combine private accommodation with dedicated navigation and generous exterior living. A ~24 m^2 Owner Cabin provides an elevated and private retreat, while the dedicated ~12 m^2 wheelhouse separates navigation functions from the main guest areas.

Surrounding the interior, approximately ~63 m^2 of exterior space creates a series of open-air lounges with panoramic views and direct connection to the sea.

This configuration balances privacy, professional operation, and outdoor living within a single dedicated deck.

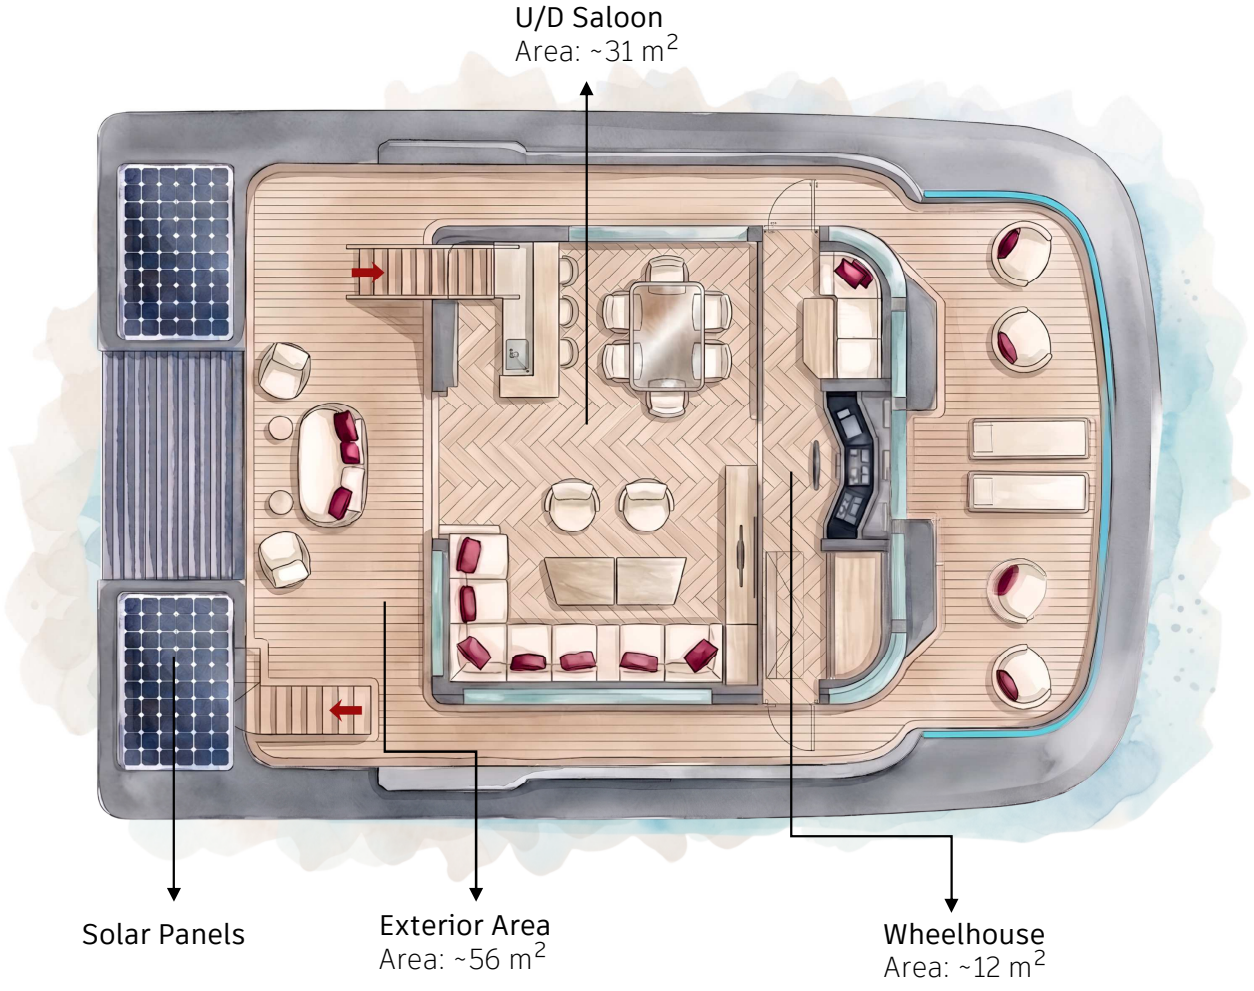

SUPERYACHT VERSION

OWNER DECK

The Owner Deck is transformed into an additional social level, maximizing shared guest spaces for commercial and charter operation.

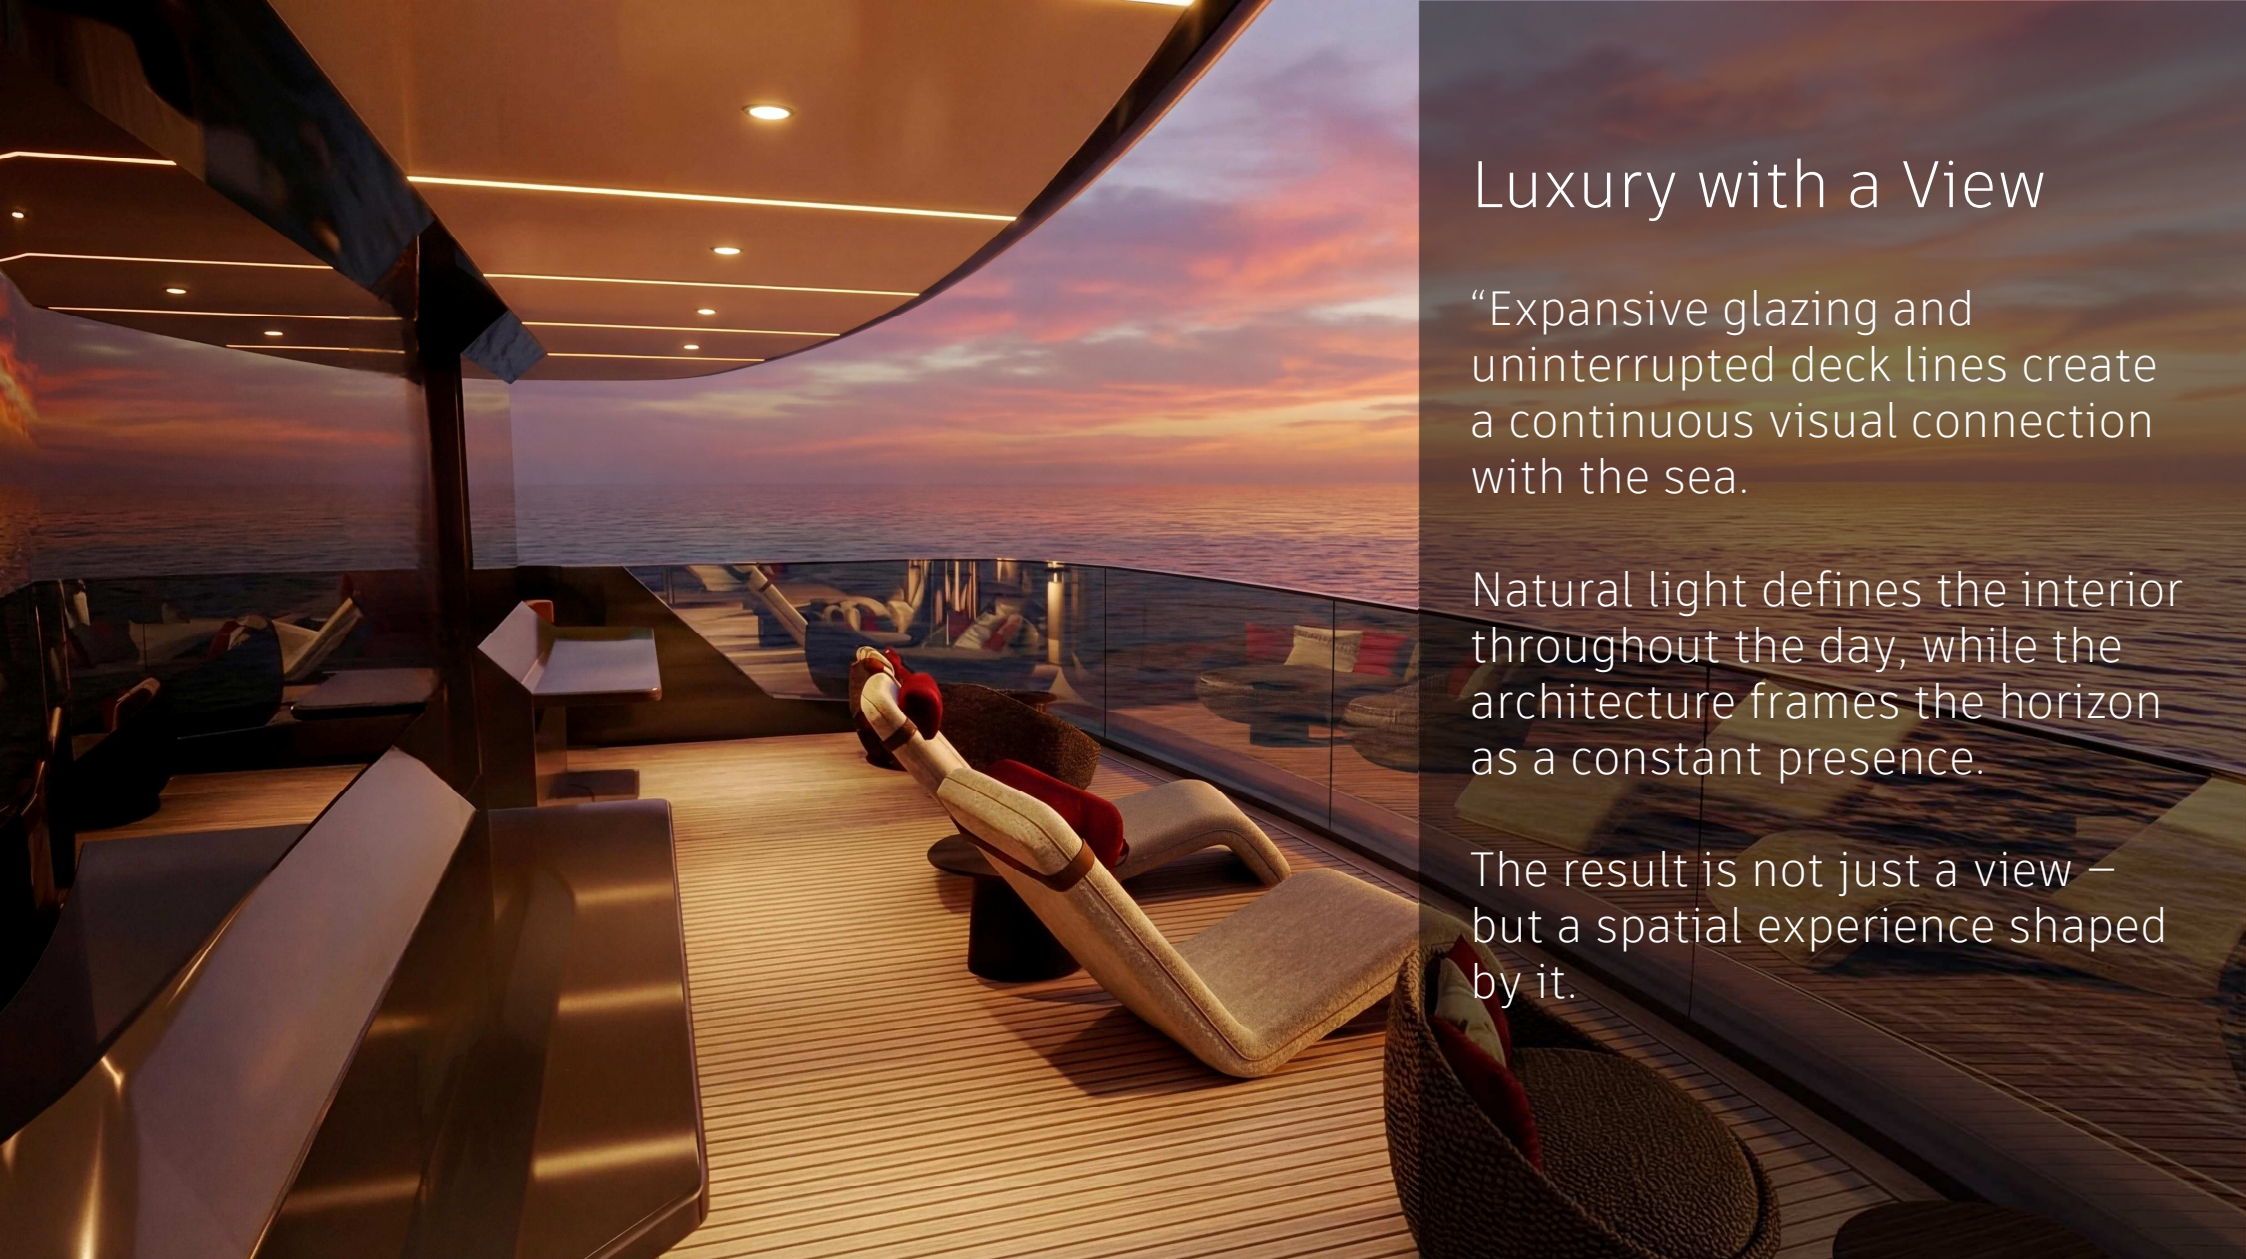

At its centre, a generous **~31 m² upper deck saloon** creates an elevated indoor lounge and dining environment, complemented by a dedicated **~12 m² wheelhouse** for professional navigation.

Approximately **~56 m² of exterior space** surrounds the saloon, extending the social areas outdoors and providing panoramic relaxation zones.

COMMERCIAL USE VERSION

Luxury with a View

“Expansive glazing and uninterrupted deck lines create a continuous visual connection with the sea.

Natural light defines the interior throughout the day, while the architecture frames the horizon as a constant presence.

The result is not just a view – but a spatial experience shaped by it.

Owner Cabin

The Owner cabin spans **33 m^2 of refined living space**, where scale, light, and proportion come together in a carefully orchestrated environment

A Private Sanctuary

The Owner’s bathroom is designed as a calm, architectural space where materials, light, and proportion come together in balance.

Natural textures and carefully selected finishes create a tactile, understated luxury, while generous volumes enhance the sense of comfort and ease.

A walk-in shower, refined fittings, and thoughtfully integrated storage complete the space – offering both functionality and quiet sophistication.

More than a bathroom, it is a place to reset, unwind, and disconnect.

Owner Office

The Owner’s office is conceived as a dedicated environment for both productivity and reflection.

Positioned to benefit from natural light and uninterrupted views, it offers a calm and focused atmosphere throughout the day.

Clean lines, integrated storage, and a carefully considered layout ensure clarity and efficiency without distraction.

Whether used for work or quiet retreat, the space adapts seamlessly to the owner’s rhythm on board.
